evaluation criteria

For each application, an *ad hoc* panel ("Committee") will be set up to assess all the documents and materials received and possibly invite the candidates deemed eligible for an in-depth interview.

The Panel for the XIV edition of *nctm e l'arte: Artists-in-Residence* is composed of Gabi Scardi, art director of *nctm e l'arte*, the members of ADVANT Nctm Art Committee, Francesco Bertocco and Simona Da Pozzo, artists who were awarded the scholarship in XIII edition, and the curator Lisa Parola.

award of the scholarship

Selection methods may vary depending on the residence procedure selected by each candidate. The amount applied for may be awarded in full or in part. The scholarship will be granted in the year of the residency period. At the end of the period, the scholarship recipients will have to provide the Panel with a short dossier concerning the period of residence and the activities carried out. The scholarship grant may be suspended for justified reasons.
